THE LAW

In this part of the test we will have a conversation about THE LAW. I am going to ask some questions that you are expected to answer. Try not to use monosyllabic answers, but to build up your responses; please show interest and take active part in the conversation.

1. What do you believe are the most common problems that people have with the law?
2. What could lead you to believe that not everyone is equal in the eyes of the law?
3. In what way should the application of the law vary depending on the age of the criminal?
4. Under what circumstances would you take the law into your own hands?
5. Under what circumstances would you need the services of a lawyer?
6. In what way can the price of legal services affect the way we defend our rights?
7. In what way should the law act in the face of technological piracy?
8. What is your opinion about downloading materials from the internet illegally? Up to what point is it a crime?
9. What illegal acts do you believe should be made legal?
10. What law or laws do you believe should be introduced and why?
11. What crimes do you think will increase in the future?
12. To what extent is there an excess of laws in your country?
13. How would law enforcement change if the police force were not armed?
